MODULE TRAINING #1

GETTING STARTED WITH THE PIM

MARCH 2026

wirquin

**Smart
For Good**

INTRODUCTION

Product Data: A Cornerstone of the Plan

→ **More than just a technical challenge, data is a strategic prerequisite for supporting our three key ambitions at Wirquin:**

1. International acceleration through data harmonisation.

2. The Distributor Partnership through compliance with market standards.

3. Building consumer trust through clarity in our digital and physical offerings.

GETTING STARTED WITH THE PIM

"ALL USERS"

→ Discover the tool, its purpose and the essentials you need to get started with confidence

- 1A THE ROLE OF THE PIM IN THE COMPANY'S DIGITAL ECOSYSTEM
- 1B NAVIGATING THE INTERFACE / KEY SCREENS
- 1C CUSTOMISING THE HOME SCREEN
- 1D TYPES OF PRODUCT DATA (MARKETING, TECHNICAL, LOGISTICAL, STANDARDS)
- 1E SEARCHING FOR INFORMATION, PRODUCTS AND MEDIA
- 1F MANAGING LANGUAGES, MARKETS AND CONTEXTS
- 1G MANAGING DATA EXPORTS

GETTING STARTED WITH THE PIM

"ALL USERS"

→ Discover the tool, its purpose and the essentials you need to get started with confidence

- 1A THE ROLE OF THE PIM IN THE COMPANY'S DIGITAL ECOSYSTEM**
- 1B NAVIGATING THE INTERFACE / KEY SCREENS
- 1C CUSTOMISING THE HOME SCREEN

ERP local item name	SLIM+ D40 DOME ABS
ERP english item name	

Please note!

→ Only **FINISHED PRODUCT** SKUs are included in the PIM. No components or supplier SKUs are included in it.

SUMMARY 1A

- PIM (Product INFORMATION Management) or Product In-House Training Management.
- Our partner : Nextpage <https://www.nextpage.fr/>
- It acts as a 'single hub': instead of having data scattered across different departments: logistics, marketing, sales.
- The ERP system manages the 'physical' and financial aspects of the product (stock, purchase prices, orders, logistics). It is designed for management purposes. The PIM is connected in real time to our ERP systems, from which certain data from the factories is extracted.
- Only finished products are included in the PIM (no components or supplier part numbers).
- Textual and visual content is manually added to the PIM for the e-learning module. Visual e-learning content (media files) is stored in a media library, also known as a DAM.
- Once the text or visual data has been entered, the possibilities are endless.

The screenshot displays the Winquin PIM interface. On the left, a sidebar lists product categories under 'PRODUCTS (1582)'. The 'Shower waste D90 (14)' category is expanded, and 'SLIM + ABS' is highlighted with a red box. The main area shows the product details for 'SLIM + ABS', including a breadcrumb trail: 'Plumbing > Wastes > Shower waste > Shower waste D90 > SLIM + ABS'. The product name is 'SLIM + ABS', and the 'MKT Long product name' is 'SLIM + shower waste ABS dome'. Below the product name, there are three sections: 'General PRODUCT data', 'Marketing PRODUCT', and 'Media', each with a dropdown arrow. A red box highlights these three sections. At the bottom of the page, there is a 'Filter...' button and an 'Expand all' link.

Marketing PRODUCT	
General Wirquin description	The WIRQUIN SLIM+ is an extra flat shower waste especially designed for the extra flat shower trays in ø90. Equipped with a high-performance silicon membrane, which replace a traditional depth of seal and a well-designed chrome plated ABS dome. SLIM+ is also quick and easy to install in all configurations, extra reliable without any risk of leaks and easy to clean : the guarantee to meet all the installers and end-users expectations.
General specific customer's description	SLIM+ is an extra flat shower waste especially designed for the extra flat shower trays in ø90. Equipped with a high-performance silicon membrane, which replace a traditional depth of seal and a well-designed chrome plated ABS dome. SLIM+ is also quick and easy to install in all configurations, extra reliable without any risk of leaks and easy to clean.
Marketing story / USP	SLIM+ shower waste is the flattest and the most compact shower waste on the market, easy to install, extra reliable without any risk of leaks and easy to clean. Extra performant thanks to its SMART Membrane Technology, SLIM+ is the guarantee of a reliable installation and a great user experience.
Claim	The extra flat shower waste.
Innovation title	SMART MEMBRANE TECHNOLOGY
Innovation description	Cartridge is equipped with silicone membrane which opens when water passes and closes automatically afterwards, ensuring optimal drainage. Its external bi-injected washer guarantee a perfect air-tightness. No more bad smells, no more pipes noises, no more desiphoning possible. The hair catcher is extractible from above, without cartridge disassembly for an easy and quick cleaning without desiphoning and adapted to the frequency cleaning of everyone. Cartridge is also removable from above for a deeper cleaning and a direct access to the pipes.
Variant descriptions	Available with different outlet diameters (ø40 compression and solvent weld, ø50 solvent weld and ø40uk compression and solvent weld) and with different finishes (chrome plated ABS dome, Zink nickel brushed dome, flat stainless steel brushed grid or without grid for deck installation).
Product benefit 1	Quick to install in all configuration and with shallow depth. Ideal for low profile shower trays and for a trendy finish
Product feature 1	Extra compact, only 40mm of height and 190mm of length
Product benefit 2	No more bad smells: a perfect barrier against the bad smells and the guarantee without any risk of depth of seal suction: no noise and no bad smells which come back from the canalisations
Product feature 2	Smart Membrane Technology: a waterless membrane which replace a traditional water seal trap
Product benefit 3	A reliable installation guaranteed 100% leak-proof
Product feature 3	Bi-injected washer under the tray
Product benefit 4	Easy to clean from above
Product feature 4	Independant hair catcher to adapt the cleaning frequency of everyone's habits without desiphoning. Removable cartridge for a deeper cleaning and a direct access to the pipes
Tips	
Quality marketing benefits	SLIM+ is patented, registered design and manufactured in France.
Care and cleaning instructions	To protect your installation, we recommend to do not use cleaning products based on sulfuric acid.

SUMMARY 1D

→ 2 levels of information: PRODUCT level & SKU/item/reference level

→ **Product Level** : General information about my product, which may therefore cover several SKUs

Marketing PRODUCT ^	
General Wirquin description	The WIRQUIN SLIM+ is an extra flat shower waste especially designed for the extra flat shower trays in ø90. Equipped with a high-performance silicon membrane, which replace a traditional depth of seal and a well-designed chrome plated ABS dome. SLIM+ is also quick and easy to install in all configurations, extra reliable without any risk of leaks and easy to clean : the guarantee to meet all the installers and end-users expectations.

→ **Level SKU** : Specific information regarding my reference number, specifically relating to the SKU/item/reference

Quality - product norms ^	
B Mark	

→ The data may be textual (PIM) or visual (DAM), sometimes already present in the PIM and non-editable as it originates from the ERP.

→ You can add new attributes or list values if required by sending an email to:
PIM.helpdesk@wirquin.com.

GETTING STARTED WITH THE PIM

"ALL USERS"

The screenshot displays the PIM interface. On the left, a sidebar shows a directory tree under 'Medias (22234)'. The tree includes categories like 'DAM (22233)', '01_PICTOGRAM (73)', '10_DAM FLUSHING (3105)', '20_DAM TOILET SEATS (2271)', '30_DAM WASTES (10259)', '35_DAM WETROOMS (1279)', '23501 FLOOR DRAINS (360)', '23502 CHANNELS (826)', '2350201 REGULAR CHANNE... (366)', '2350202 FLAT CHANNELS (426)', '235020201 VENISIO SLIM (101)', '235020202 SO LOW (77)', '235020203 VENISIO SLIM + (133)', '235020204 SO'LINE (115)', '2350203 BASIC CHANNELS (34)', '23503 WETROOM ACCESSORI... (89)', '40_DAM SHOWER TRAYS (933)', '50_DAM CISTERNS (130)', '55_DAM FRAMES (1393)', and '60_DAM HYDRO (1371)'. The '235020204 SO'LINE (115)' category is selected.

The main area shows a grid of media thumbnails. One thumbnail, '235020204_30724324_PHC1.psd', is highlighted with a red border. Below the grid, a detailed view of this media file is shown. The file name is '235020204_30724324_PHC1.psd'. It has a size of 15.28 MB and was last modified on 2023-05-31 13:15:19. The 'Download' button is highlighted with a red border. The download options table is as follows:

File	Original file	Download
File	Original file	Download
Thumb	250x250	JPG 75% Download
Thumb	680x680	JPG 75% Download
Thumb	2500x2500	JPG 75% Download
Thumb	3000x3000	JPG 75% Download

Tips!

→ Several formats are available, including the original file (CMYK HD) + 4 sizes RGB JPEG files

SUMMARY 1E

- Different ways to search: by product name, code, SKU, item or reference
- The ADVANCED search is based on known product details
- Search results can be saved in the search history
- A window may sometimes appear which you must click on to access the search 
- Results may sometimes be spread across several pages 
- For media files, searching by code _PHC1, _PK3D is possible thanks to the naming convention

GETTING STARTED WITH THE PIM

"ALL USERS"

Step 2

→ Select the options you wish to export

- You must provide a **title** for your export
- Select the desired **format**;
we recommend the **.xlsx** format to prevent data loss
- You can customise **your options** by selecting the **desired language**, with the option to export media either in a **zipped folder** or **directly visible in the Excel file**

Please note!

→ Depending on the complexity of the export, if it is a large file, you may have to wait a few minutes before it arrives in your inbox.

Export in progress
Please wait, you will receive an email at the end of progress.

Step 3

→ Well done, you've just received your export via email – please open the file

Please note!

- You can view the progress status of your export
- Grey: pending
 - Green: export successful
 - Red: export failed

EXPORTS (1)		
Name	Last execution date	
Test Formation User	2026/03/16 15:47	

Please note!

→ If you do not receive an email, you can download the .xlsx file directly from the PIM.
We recommend that you download the TRANSFORMED version.

List of files		
Test_Formation_User.txt	7.63 kB	
Test_Formation_User-transformed.xlsx	4.60 kB	
Report_EN_Test_Formation_User_4263.txt	304.00 bytes

SUMMARY 1G

Data can be exported either:

- Export WITH or WITHOUT filters
- Choose the right scope (product range, product type, or SKU/item/reference)
- When exporting, don't forget to add a title to your export and select the .xlsx format
- You will receive an email; we recommend using the Excel version of the 'TRANSFORMED' file
- If you notice that a field is missing from your export,
you will need to regenerate a new export, as it is not possible to modify an export once it is in progress.

CONCLUSION

→ If you have any questions about this first module, please don't hesitate to contact us

PIM TRAINING SESSIONS

1 / GETTING STARTED WITH THE PIM

1A_ THE ROLE OF THE PIM IN THE COMPANY'S DIGITAL ECOSYSTEM
1B_ NAVIGATING THE INTERFACE / KEY SCREENS
1C_ CUSTOMISING THE HOME SCREEN
1D_ TYPES OF PRODUCT DATA
(MARKETING, TECHNICAL, LOGISTICAL, STANDARDS)
1E_ SEARCHING FOR INFORMATION, PRODUCTS AND MEDIA
1F_ MANAGING DATA EXPORTS
1G_ GESTION DES EXPORTS DE DONNÉES

2 / ENSURING THE RELIABILITY AND MANAGEMENT OF PRODUCT DATA

2A_ MANAGEMENT OF USER RIGHTS AND ROLES
2B_ DATA QUALITY ISSUES (CONSISTENCY, COMPLETENESS, RELIABILITY)
2C_ WORKFLOW RULES AND VALIDATION
2D_ INPUT AND STRUCTURING OF INFORMATION
1 – Logistics
2 – Technical
3 – Quality
4 – Marketing
2E_ MANAGEMENT OF LANGUAGES, MARKETS AND CONTEXTS

3 / OPTIMISING CONTENT AND MEDIA

3A_ MARKETING CONTENT WRITING
3B_ TRANSLATIONS
3C_ MEDIA INTEGRATION / MANAGEMENT
3D_ EDITING A PDF PRODUCT SHEET
3E_ MANAGING MARKET-SPECIFIC CONTENT

4 / MANAGING THE PRODUCT RANGE

4A_ CREATING / MANAGING PRODUCT FAMILIES
4B_ STRUCTURING ACCORDING TO MASTER DATA
4C_ MANAGING PRODUCT RELATIONSHIPS (ACCESSORIES, REPLACEMENTS, EQUIVALENTS)

5 / DISTRIBUTING THE DATA

5A_ PREPARING DATA FOR CATALOGUES
5B_ DISTRIBUTION TO E-COMMERCE SITES, MARKETPLACES AND RETAILERS
5C_ MANAGING FORMATS AND REQUIREMENTS BY CHANNEL
5D_ TESTING AND CHECKS BEFORE PUBLICATION

6 / ADMINISTERING AND UPGRADING THE PIM

6A_ ADMINISTRATION OF PRODUCT CHARACTERISTICS AND TYPES
6B_ WORKFLOW OPTIMISATION
6C_ MANAGEMENT OF DATA IMPORTS/EXPORTS AND EXPORT PROFILES
6D_ MAINTENANCE AND UPGRADING OF THE PIM
